4) Choose “FDIC-Insured” option

Static Options

In the Static options, money remains in the same investment allocation without changing over time. The target allocation remains the same until you decide to change to a different investment option. ^

It is a good idea to review your static option periodically, especially if your investment objective changes over time.

The Internal Revenue Service allows you to make two option changes in a calendar year without triggering tax consequences.

6) Read Terms and Conditions and open account when ready

7. I hereby authorize my529 to debit a scheduled contribution from my checking or savings account. This authorization is to remain in full effect until the above end date (if applicable) or until the following: (1) I delete the bank account(s) specified above or (2) I notify my529 of the revocation of this authorization by doing one of the following: (i) logging into Account Access at my529.org and use the online account feature Manage Contributions; (ii) contacting my529 by telephone at 800.418.2551; or (iii) submitting Form 200 via fax to 800.214.2956 or via U.S. Mail to PO Box 145100, Salt Lake City, UT 84114-5100. I understand that any revocation will not be effective until my529 has had a reasonable opportunity to act on the termination notification. If the bank account is owned jointly, I certify that I am authorized to initiate this transaction. I understand that rejected transactions or insufficient funds could cause fees to be assessed by my529 and/or my financial institution. (Applicable if I have signed up for online contribution(s).)
8. I understand that my account notification preferences have been set to online delivery. These settings can be changed at any time in my online login on the Settings page.

☒ I have read, understand, and agree to the Terms and Conditions of my529 Account Agreement. By clicking "I Agree" below where indicated, I hereby confirm my intent to enter into a contract with my529 to establish an account. I have read, understand, and retained a copy of the [Program Description](#) and will retain a copy of this document for my records.
